**FORMS+**SURFACES®

Inviting to the eye. Comfortable to the hand. Easy on the budget. Designed by Don Chadwick, the Circuit Collection of cabinet hardware is deceptively simple. Each piece tempts the touch with complex curves, beautifully finished surfaces and beveled transitions. Choose stainless steel or bronze. The clean, modern designs complement any surface material. The Large "C" cabinet pull is ADA compliant.

PRODUCT DETAILS

The following applies to all Circuit Cabinet Pull designs shown below.

MATERIAL & FINISH			INSTALLATION	MAINTENANCE
Stainless Steel	US32	Polished Stainless Steel	Circuit Cabinet Pulls are designed to be used with 3/4" (19mm) thick cabinet doors or drawers and are installed using two 8-32 x 1" long screws (included with order).	Circuit Cabinet Pulls are well-suited for interior or exterior use. Regular maintenance will help ensure the lasting beauty of each pull.
	MSS	Matte Stainless Steel		
Bronze	US9	Polished Bronze	Note: Due to installation variances, mounting screws are not automatically provided with Circuit coat hooks; however, we will supply them on a per-request basis.	For more information, please refer to Door Hardware Care & Maintenance found on our website.
			The CRD1101 Large "C" cabinet pull is suitable for single through-bolt mount only, on wood or metal faces.	

DESIGN OPTIONS

CRC1101 COAT HOOK	CRD1101 LARGE "C" PULL	CRC1102 SMALL "C" PULL	CRC1103 PULL
