

CALYPSO™ DOOR PULLS / CLD SERIES

PRODUCT DATA

CALYPSO™ DOOR PULLS / CLD SERIES

PRODUCT DATA

Shaped by fluid curves and meticulous detailing, Calypso brings a rhythmic twist to door pull design. Pulls are cast of stainless steel or bronze and accentuated by a rich offering of finishes.

PRODUCT DETAILS

The following applies to all Calypso Door Pull designs shown on page 2.

MATERIAL & FINISH			MAINTENANCE
Stainless Steel	US32	Polished Stainless Steel	Calypso Door Pulls are well-suited for interior or exterior use. Regular maintenance will help ensure the lasting beauty of each pull. For more information, please refer to the Door Hardware Care & Maintenance document found on our website.
	US32D	Satin Stainless Steel	
	SSS	Stippled Stainless Steel	
	PSS*	Combo Polished & Satin Stainless Steel	
Bronze	US9	Polished Bronze	
	US10	Satin Bronze	
	SBR	Stippled Bronze	
	PSB*	Combo Polished & Satin Bronze	
	US10B	Oil-Rubbed Bronze	
	S10	Stippled Oil-Rubbed Bronze	
*PSS and PSB combination finishes: grip is Polished finish; indentations are Satin finish			

MOUNTING OPTIONS

Calypso Door Pulls are installed using Mounting System "C" as shown below. To ensure a secure installation, a thread-locking adhesive such as Loctite® is recommended. For more information, refer to the Door Pull Installation Manual on our website.

MOUNTING SYSTEM "C"

C1	C2	C3*	C4	C5
Single mount	Concealed single mount	Concealed single mount	Back-to-back mount	Back-to-back mount
Solid wood core or hollow metal door with through bolt.	Hollow metal door with shoulder bolt and customer's reinforcement.	Solid wood core door with shoulder bolt and threaded insert.	Solid wood core or hollow metal door with shoulder bolt.	Tempered glass door with shoulder bolt.

*Forms+Surfaces offers but does not recommend concealed mounting on wood doors. Frequent or heavy use can compromise the integrity of this mounting.

HOW TO SPECIFY

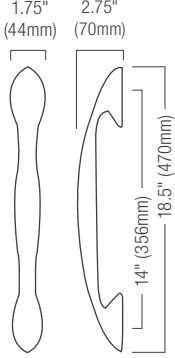

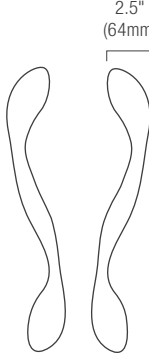

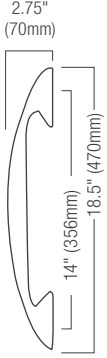

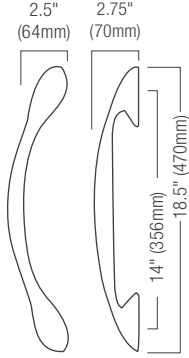

Provide model number, quantity, metal and finish, mounting option, interior/exterior designation for handed door pulls (CLD1211 and CLD1222), and door material and thickness. Refer to the standalone Door Hardware Price List on our website for list pricing.
