## designs for life

Forms+Surfaces is a leading designer and manufacturer of architectural products used in public spaces around the world. Spanning a range of applications not typically associated with a single company, our portfolio of products is unified by a central theme: enhancing life in public—indoors, outdoors, and everywhere in between.

From innovative surfaces, walls and elevator interiors, to site furnishings, lighting, and doors, our interrelated product lines invite creativity and provide real-world solutions to the challenges our customers face every day.

You'll find our products in office buildings, airports, restaurants, malls, and hotels, and in universities, healthcare facilities, parks, and city centers.
