

LIGHT COLUMN PATHWAY BOLLARD

PRODUCT DATA

LIGHT COLUMN PATHWAY BOLLARD

PRODUCT DATA

Sleek in stainless steel, the versatile **Light Column Pathway Bollard** readily integrates into a wide range of settings. Pathway Bollards have a compact overall height of 9.75" and are available in 5" or 6" diameters to match our other Light Column fixtures: Light Column Bollards in illuminated, RGBW, non-illuminated, and security core variations, and Light Column Pedestrian Lighting. Light Column Pathway Bollards feature high-performance Cree® LEDs.

MATERIAL & CONSTRUCTION DETAILS

INSTALLATION & MAINTENANCE

CONFIGURATIONS	MATERIALS & FINISHES	INSTALLATION
<ul style="list-style-type: none"> Light Column Pathway Bollards are available in two sizes. Series 500 columns use 5" (127 mm) diameter tubular stainless steel; Series 600 columns use 6" (152 mm) diameter tubular stainless steel. 	<ul style="list-style-type: none"> Pathway bollards have a tubular stainless steel column, white-frosted acrylic lens, and a stainless steel head cap. Standard stainless steel finish is Satin with Ceramiloc finish. See below for details. For optional powdercoat colors see the Forms+Surfaces Powdercoat Chart. Custom RAL colors are available for an upcharge. 	<ul style="list-style-type: none"> Standard mounting is surface mount with 3/8" thick stainless steel base plate, slotted for rotational capability. Stainless steel mounting hardware sold separately. Templates are available upon request. Installation of a surge protector as part of each units wiring is recommended.
WEIGHT	LEDS & DRIVERS	MAINTENANCE
<ul style="list-style-type: none"> Series 500: 10 lbs (4.5 kg) Series 600: 13 lbs (5.9 kg) 	<ul style="list-style-type: none"> Custom LED board with Cree® LEDs. Features advanced LED technology with 14W, 3000K warm white and 4000K neutral white LEDs. LED driver includes high efficiency, constant output current, with over-voltage, short circuit, and overload protection. LED driver input power is 100-277V. Driver has 0-10V dimming capabilities. LED driver certifications include: IP66 (waterproof) enclosure, and Class 2 rated output (UL8750) 	<ul style="list-style-type: none"> Metal surfaces can be cleaned as needed using a soft cloth or brush with warm water and a mild detergent. Avoid abrasive cleaners.

CERAMILOC TREATMENT

Ceramiloc is an invisible surface treatment that offers significantly enhanced protection from weather and graffiti and increases the maintenance ease of stainless steel. Ceramiloc combines ceramic durability with an unparalleled ability to lock out water spots, fingerprints, graffiti and more. Patented technology bonds nano-silica particles to the surface of the stainless steel. The treatment minimally alters the surface appearance of the stainless and offers numerous benefits:

- **Easily Cleaned:** The Ceramiloc treatment creates a surface that simultaneously resists fingerprints and is easy to clean. Water spots, grease marks and more can be quickly wiped away. It also creates an "anti-graffiti" surface – even permanent marker is easily removed with a clean microfiber towel and water.
- **Durable:** Ceramiloc-treated materials are abrasion- and scratch-resistant. The treatment is permanent, UV stable, and will not degrade or discolor over time.
- **Environmentally Sound:** The Ceramiloc treatment is a no-VOC, water-based process. Because Ceramiloc surfaces are so easily maintained, cleaning solutions and maintenance are kept to a minimum.

Series 600	3000K LED	14W custom LED light engine	3000K	808	B0-U3-G1	-30
Series 600	4000K LED	14W custom LED light engine	4000K	808	B0-U3-G1	-30

*LED lumens represents the absolute photometry for the luminaire, and indicates the lumens out of the entire fixture.

NOTE: Polar candela and isofootcandle plots can be found on the Light Column Pathway Bollard product page on our website.

MODEL NUMBERS AND DESCRIPTIONS

MODEL	DESCRIPTION
LBLCP-501	Light Column Pathway Bollard, Series 500, LED
LBLCP-601	Light Column Pathway Bollard, Series 600, LED

PRODUCT OPTIONS

The following options are available for an upcharge

Add powdercoat color from Forms+Surfaces Powdercoat Chart	Custom RAL powdercoat color
Stainless steel mounting hardware sold separately	

CERTIFICATION

- ETL and C-ETL listed for wet locations.

ENVIRONMENTAL CONSIDERATIONS

- Please refer to the Light Column Pathway Bollard Environmental Data Sheets for detailed environmental impact information.
- Light Column Pathway Bollard has high recycled content and is highly recyclable.
- Powdercoat finishes are no- or low-VOC, depending on color.
- Low maintenance.

PRODUCT DATA

LEAD TIME: 6 to 8 weeks. Shorter lead times may be available upon request. Please contact us to discuss your specific timing requirements.

PRICING: Please contact us at **800.451.0410** or **sales@forms-surfaces.com**. At Forms+Surfaces, we design, manufacture and sell our products directly to you. Our sales team is available to assist you with questions about our products, requests for quotes, and orders. Territory Managers are located worldwide to assist with the front-end specification and quoting process, and our in-house Project Sales Coordinators follow your project through from the time you place an order to shipment.

TO ORDER SPECIFY: Quantity, model, finish, lamp, shield (if applicable), and mounting. Quote/Order Forms are available on our website to lead you through the specification process in a simple checkbox format.

NOTE: Because different computers will render colors and textures differently, actual colors and finishes may vary slightly from those shown here.
