<input type="checkbox"/> Custom Size ³			

¹ Sizes shown indicate the recommended rough opening size to facilitate installation of standard F+S designs and door sizes. Actual rough opening sizes may vary and may affect standard sizing and pricing.

² Application of thresholds may necessitate a different finished door size than those shown. Door thickness increases to 2-1/4" on doors under 9' 0" when walnut edge is used.

³ Custom door sizes are available by special order. For some door configurations, fire or other performance ratings may impose limitations on door and frame sizes. Please call to confirm available sizes for your particular application.

Please send completed forms to sales@forms-surfaces.com or contact us at **800.451.0410** with any questions.

AVAILABLE DESIGNS

Please choose **one** design option.

Single Inset

Quantity (leaves): _____
